Subject: Amendment request

Ms. Ryan-O'Hara and Dr. Brewer:

NRC has reviewed the change of control and/or change of ownership form signed on January 29, 2007, between Montana Heart Center Cardiology and Community Medical Center and we have determined that no transfer of ownership and/or control has occurred. Therefore, NRC License No. 25-29220-01 issued to Montana Heart Center Cardiology does not need to be amended at this moment. However, NRC License No. 25-18361-01 issued to Community Medical Center needs to be amended because you are informing NRC that Community Medical Center will act as a mobile service provider to Montana Heart Center Cardiology.

Please submit an amendment to NRC License No. 25-18361-01 (Community Medical Center) and provide the following information in order to clearly define Community Medical Center's role as a mobile service provider to Montana Heart Center Cardiology. Provide the following:

1. Letter signed by Montana Heart Center Cardiology's management that permits the use of byproduct material at Montana Heart Center Cardiology and clearly delineates the authority and responsibility of Community Medical Center and Montana Heart Center Cardiology.
2. Community Medical Center must provide a commitment to check the instruments used to measure the activity of unsealed byproduct material for proper function before medical use at Montana Heart Center Cardiology, or on each day of use, whichever is more frequent.
3. Community Medical Center must provide a commitment to check the survey instruments for proper operation with a dedicated check source before its use at Montana Heart Center Cardiology.
4. Community Medical Center must provide a commitment to conduct a survey of all areas of use at Montana Heart Center Cardiology before leaving the premises to ensure compliance with the requirements in 10 CFR Part 20.
5. Community Medical Center must provide a commitment to retain the letter described in item no. 1 and the record of each survey conducted at Montana Heart Center Cardiology (recordkeeping).

Please evaluate the need to terminate NRC License No. 25-29220-01 issued to Montana Heart Center Cardiology. If this decision is made and the license is terminated please be aware that byproduct material cannot be delivered from the manufacturer or distributor to Montana Heart Center Cardiology.
