SUBJECT: LETTER OF APPRECIATION

Dear Mr. Kouts,

I want to express my appreciation for the outstanding support you provided, the Spent Fuel Storage and Transportation session, which helped make the 2007 NRC Regulatory Information Conference a tremendous success.

The Regulatory Information Conference is a dynamic forum for national and international stakeholders to interact and discuss a wide range of issues important to nuclear safety. It provides NRC management, NRC's licensees, and other important stakeholders an opportunity to meet and communicate regarding safety initiatives and regulatory trends. There were approximately 2,200 people in attendance at this year's conference.

Again, thanks so much for your enthusiastic participation at the Regulatory Information Conference. I have no doubt that it would not have been the success that it was without your presence.

Sincerely,

/RA/

William H. Ruland, Deputy Director
Licensing and Inspection Directorate
Division of Spent Fuel Storage
and Transportation
Office of Nuclear Material Safety
and Safeguards
