SUBJECT: NAVY LETTER DATED OCTOBER 27, 2006, CONTROL NO. 139695

Dear CAPT Fragoso:

This refers to your October 27, 2006, letter regarding the Naval Air Warfare Center Weapons Division, in China Lake, California. It contained a Decommissioning Assessment for proposed decommissioning activities at the site. You stated that you planned to terminate the site permit using Group 2 decommissioning criteria.

Please keep us advised of any site activities to allow for NRC inspection, as appropriate. We will review your final status survey and documentation supporting release of the site for unrestricted use during future inspections of your Master Materials License (MML). If you need our assistance in preparing an Environmental Assessment (EA) when you have completed this decommissioning activity, please submit your close out documentation and sufficient information to allow us to prepare the EA.

Current NRC regulations and guidance are included on the NRC's website at www.nrc.gov; select **Nuclear Materials; Medical, Industrial, and Academic Uses of Nuclear Material; then Regulations, Guidance, and Communications Page**. You may also obtain these documents by contacting the Government Printing Office (GPO) toll-free at 1-888-293-6498. The GPO is open from 7:00 a.m. to 9:00 p.m. EST, Monday through Friday (except Federal holidays).

Thank you for your cooperation.

Sincerely,

Original signed by Marie Miller
