**Re: Mallinckrodt Inc., License STB-401
URO Burial Pit Removal**

Dear Mr. Kouhestani:

This letter is in response to your request for follow up information on the Plant 6W resolution with USACE as referenced in Mallinckrodt's January 15, 2006 letter. Mallinckrodt and USACE have not yet fully documented the resolution regarding the Plant 6W URO burial pits. However, we have come to an understanding and have agreed to proceed on that good faith understanding.

Due to the need to coordinate remedial activities with FUSRAP activities in Plant 6W, Mallinckrodt proposes to handle the removal of the URO burial trenches as a source removal project under our current license as an amendment. We plan to submit the details of Mallinckrodt's responsibilities for the URO burial footprint along with this license amendment. This approach appears to be the fastest and most effective way to manage both the C-T burial removals while at the same time meeting the timing and removal activities proposed by USACE in Plant 6W.

Furthermore, Mallinckrodt plans to revise the Phase II plan to address other NRC comments resulting in the numerous other changes as a result of the selected path forward decision once we receive a response from the NRC to the C-T Decommissioning path forward as outlined in our January 15, 2006 letter.

We believe this is the most inclusive and quickest way to move forward as expeditiously as possible on the C-T Phase II Decommissioning project. If you have any additional questions or comments please feel free to contact me at (314) 654-5838.

Sincerely,

Karen Burke
Director, Environmental Remediation

Amir Kouhestani - Mallinckrodt: Your 15 Jan 07 Letter re Plant 6W Agreement with USACE

From: Amir Kouhestani
To: Burke, Karen (Tyco)
Date: 04/02/2007 8:03 AM
Subject: Mallinckrodt: Your 15 Jan 07 Letter re Plant 6W Agreement with USACE
CC: Rebecca Tadesse; Sharon R MVS Cotner

-4/2/07
Karen,

Please reference Mallinckrodt's above letter dated 15 Jan 07 (ML070160228). In that letter you stated: "Mallinckrodt has reached an agreement with USACE regarding the Plant 6W area and the removal of the URO burial trenches (Trench nos. I through IX). A letter and drawing documenting the extent of Mallinckrodt responsibilities and FUSRAP responsibilities is currently being prepared and will be forwarded to the NRC."

To date the NRC staff has not received the letter and drawing documents you committed to provide to NRC in your 15 Jan 06 letter. Please provide the letter and the drawings as the subject information is essential in enabling the staff to pursue consideration of finalizing the scope of Phase II Decommissioning Plan. Thank you.

vr,

Amir Kouhestani
