Dear Mr. Warbiany:

We have reviewed your request to add Joseph Zlotnicki to your NRC license as an authorized user and found no information concerning his training and experience in removing and packaging industrial gauges. If Mr. Zlotnicki does not have experience in removing and packaging such devices at this time, you may commit to providing at least 4 hours of training prior to allowing him to conduct such activity unsupervised.

Attached is Appendix N from NUREG 1556, Vol. 4 "Program-Specific Guidance About Fixed Gauge Licenses" which includes information typically requested by the NRC regarding such activity. We are in receipt of Mr. Zlotnicki's resume; therefore, we do not need further information concerning his training and experience in health physics.

Please provide this information within 30 days of receipt of this letter and refer to Control Number 315979. If you have any questions, please feel free to call me at 623-214-5213.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the Publicly Available Records (PARS) component of NRC's document system (ADAMS). The NRC's document system is accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html> (the Public Electronic Reading Room).

Sincerely,
