Re: License Number 37-30219-01MD

Dear Sir/Madam,

Please amend license number 37-30219-01MD to include the following change:

1. Please change the RSO from William G. Adams to Laurie Stallings.
2. Please increase our Iodine 131 possession limit from 2500mCi to 5000mCi.
3. Please add Robert Cole to our license as an Authorized User. His certificate of completion of the UAMS Authorized User Training program and course work details are in this packet.
4. We have also added a new 10mCi Co57 E-vial sealed source to our inventory as our old source has decayed below 50uCi. The item is from RadQual, product number BM06-157, serial number BM06157-034-2, reference date 8/25/06.

Thank you for your attention to this matter. If you should have any further questions, please call 1-570-882-9068.

Sincerely,

Laurie Stallings, PharmD., BCNP  
Pharmacy Manager

Robert Cole  
 PharmaLogic Penn  
 2608 Elmira St. Ste.3  
 Sayre, PA 18840

Dear Robert,

Congratulations on your completion of Nuclear Education Online program for Authorized User training. We hope that you have gained the fundamental knowledge of the profession on which to build experience and expertise in this specialty area.

The faculty would also like to congratulate you for your outstanding performance. You earned the distinction of the NEO "Honor Roll" with a course performance score greater than 90%.

We appreciate your participation in the program and wish you the best in your career.

Best regards,

*Nicki Hilliard*
