Dear Mr. Martin:

I want to express my appreciation for the outstanding support you provided during the Nuclear Regulatory Commission's (NRC) Nuclear Security session which helped make the 2007 NRC Regulatory Information Conference (RIC) a tremendous success.

The RIC is a dynamic forum for national and international stakeholders to interact and discuss a wide range of issues important to nuclear safety and security. It provides NRC management, NRC's regulated utilities, and other important stakeholders an opportunity to meet and communicate regarding safety and security initiatives and regulatory trends. There were more than 2,200 people in attendance at this year's conference.

The Nuclear Security session was well attended, and by all feedback received, a resounding success.

Again, thanks so much for your enthusiastic participation in the RIC. I have no doubt that it would not have been the success that it was without your contributions.

Sincerely,

/RA/
