REQUEST FOR ADDITIONAL INFORMATION (RAI)  
VERMONT YANKEE NUCLEAR POWER STATION  
LICENSE RENEWAL APPLICATION

MARCH 14, 2007

The U.S. Nuclear Regulatory Commission (NRC or the staff) and representatives of Entergy Nuclear Operations, Inc., held a telephone conference call on March 14, 2007, to discuss and clarify the following issues concerning the Vermont Yankee Nuclear Power Station license renewal application.

**RAI 3.6.2.2-N-08-2 and 3.6.2.2-N-08-4 Response clarification**

In its letter, dated March 12, 2007, the applicant submitted clarifications to responses to RAI 3.6.2.2-N-08-2 and RAI 3.6.2.2-N-08-4. The staff reviewed the information in the letter and had issues the applicant needed to address.

**Discussion:** Based on the discussion with the applicant, the staff indicated that the response to this RAI requires clarification. The applicant agreed to remove the exception taken against the Non-Environmental Qualification Inaccessible Medium-Voltage Cable Program. The exception was not applicable.

In Table 3.6.2-1, a "B" was stated in the Notes column for the medium-voltage cables. B denotes that things are consistent with NUREG-1801 with exceptions. The exception stated was not applicable, therefore the table must change accordingly.

Commitment #43 of the applicant's license renewal commitment list contained three options. Two of those were not applicable.

Letter to Entergy Nuclear Operations, Inc. from J. Rowley, dated April 17, 2007
