Safe and Healthy Lives in Safe and Healthy Communities

5 April 2007

Janet R. Schlueter, Director
Nuclear Regulatory Commission
Office of State and Tribal Programs
One White Flint North
11555 Rockville Pike, 3rd Floor
Rockville, MD 20852

Dear Ms. Schlueter:

This letter is to inform you of changes that have been implemented within the Department of Health which affect the Radiation Control Program. Effective 1 April 2007, reorganization has been initiated which resulted in the Radiation Control Program being assigned to the Division of Health Services Regulation (HSR).

As the Associate Director in charge of this Division, I am developing a transition plan to address the needs of the program and this division. During this reorganization process I have assigned the responsibilities of Radiation Control Program Director to John L. Ferruolo as an interim measure to meet the programs needs and to assist in a seamless transition to HSR.

Acting as Program Director and primary contact for the Radiological Health Program is the current Radiological Health Supervisor:

John L. Ferruolo
Supervising Radiological Health Specialist
RI Department of Health
3 Capitol Hill, Room 206
Providence, RI 02908
Phone: 401-222-7747
FAX: 401-222-2456
Email: jack.ferruolo@health.ri.gov

Thank you for your understanding during this reorganization process. I look forward to our continued partnership in the interest of Radiation Protection.

Sincerely,

Donald C. Williams
Associate Director
Division of Health Services Regulation
