Division of Nuclear Materials Safety

RE: License No. 07-28386-01 – Docket No. 030-31174  
Amendment Request – RSO Assignment – Drew Cummings

Dear Mr. Lodhi:

Due to personnel changes Tracerco is requesting that the above referenced license be amended to remove Eric Growney as the Radiation Safety Officer. Drew Cummings will assume the responsibilities of the Radiation Safety Office. Mr. Cummings has three years experience in working with radioactive materials as an employee of Tracerco (formerly Quest TruTec, LP). Mr. Cummings has been acting as the Assistant Radiation Safety Officer and is familiar with all aspects of the use of radioactive material authorized under our license and the radiation protection program. Norman Lanier will continue in his role as Corporate Radiation Safety Officer and as in the past will work closely with Mr. Cummings to ensure continual regulatory compliance.

Enclosed for your review is the documentation regarding Mr. Cummings's education, training, and experience.

Please contact us as soon as possible if additional information is required to process our amendment request.

Respectfully,

Norman P. Lanier  
Corporate Radiation Safety Officer

Enclosures: 1. D. Cummings Resume  
2. D. Cummings Radiation safety Training Certificate (QTT, 01/21/04)  
3. D. Cummings Hazmat Training Certificate (Tracerco, 01/15/07)

## RADIATION SAFETY OFFICER

### EDUCATION

High School Diploma  
Naval Aviation Technical Training Center Graduate (1997)

### RADIATION SAFETY TRAINING

- Radiation Safety Training for Industrial Process Diagnostics and Tracer Studies Course conducted by Quest TruTec, LP (Texas License No. L03913).
- Hazardous Material (Radioactive Material) Training required pursuant to 49 CFR Part 172, Subpart H, provided by Tracerco

### RADIATION SAFETY EXPERIENCE

Three + years experience in industrial radiation safety. Experienced in all aspects of handling sealed sources used for portable level and density measurements during industrial diagnostic surveys. Knowledgeable in the use of unsealed sources used for industrial process tracer study investigations. Authorized to perform functions in a supervisory capacity under the following licenses possessed by Tracerco (formerly Quest TruTec, LP.):

Quest TruTec, LP Texas License No. L03913  
Tracerco Texas License No. L03096  
Tracerco California License No. 5474-07  
Tracerco Louisiana License No. LA-6177-L01  
Tracerco License No. UT 1800445  
Tracerco USNRC License. No. 07-28386-01  
Quest TruTec, LP Canada License. No. 13533-1-06  
Quest TruTec, LP Canada License. No. 13533-2-06  
Tracerco Canada License No. 08804-1-09  
Tracerco Canada License No. 08804-2-10

### EMPLOYMENT HISTORY

Tracerco (formerly Quest TruTec LP) 10/03 to Present  
Sr. Project Technologist/Radiation Safety Officer

Hired as a Project Specialist and promoted to the current position of Sr. Project Technologist. Responsible for using sources of radiation to diagnose chemical process problems, including trouble shooting distillation columns, modeling reactor parameters, leak detection within heat exchangers and process flow and distribution studies. Responsibilities included assisting the Radiation Safety Officer in all aspects of the radiation protection program maintenance to ensure all operations are in compliance with the requirements of the USNRC. His performance as the Assistant RSO resulted in his designation as the Radiation Safety Officer.
