SUBJECT: BWX TECHNOLOGIES, INC. - REQUEST FOR ADDITIONAL INFORMATION
ON YOUR ENVIRONMENTAL REPORT FOR THE LICENSE RENEWAL
APPLICATION (TAC L31836)

Dear Ms. Morrell:

This letter is to inform you that the Nuclear Regulatory Commission (NRC) staff has extended your expected response date to February 28, 2005.

On December 27, 2004, the NRC sent a letter regarding your Environmental Report concluding that additional information was required to complete the review. In that letter, the NRC requested that you respond to the request for additional information no later than January 28, 2005. However, by teleconference and email dated January 13, 2005, you requested an extension to February 28, 2005, due to higher priority work overtaking this response.

The extension is not expected to affect the schedule for issuance of the requested license renewal.

If you have any questions regarding this matter, contact me at (301) 415-5848 or via e-mail to bcg@nrc.gov.
