AMENDMENT, CONTROL NOS. 140106 and 140105

Dear Mr. Moncevicus:

This concerns the subject application for an Amendment to your material license and our telephone conversation on April 18, 2007 in which we determined that the sealed Carbon 14 sealed source indicated in your application had not been registered with NRC and therefore you indicated we should void your application at this time. The action has been voided.

This action is without prejudice to the resubmission of an application.

Sincerely,
