RE: Radioactive materials license number 29-28041-01

2007 APR 18 AM 11:06

RECEIVED
REGION 1

Request for amendment – Additional Information

Dear Sir or Madam:

Please amend the above referenced license in the following sections:

Section 12.B :

ADD: <u>Authorized User</u>	<u>Material and Use</u>
Adam Cohen, M.D.	35.200

I am enclosing the additional information that was requested by the NRC in order to add Dr. Adam Cohen to the above referenced license.

Should you have any question regarding this amendment, please contact me at 303-541-0044.

Sincerely,

Charles H. Rose, MA MSPH D (ABSNM)

This is to affirm that Dr. Adam J. Cohen, M.D. used administrative controls to prevent a medical event involving the use of unsealed byproduct material and eluted generator systems appropriate for the preparation of radioactive drugs for imaging and localization studies, measuring and testing the eluate for radionuclidic purity, and processing the eluate with reagent kits to prepare labeled radioactive drugs. This latter training occurred at the GE Healthcare Radiopharmacy.
