Subject: IAEA equipment to UZOO

*NO Properties
Sheet available
BWH
3/29/07*

Good Morning Jianqing Xiao:

The October IAEA inspection is scheduled to occur in a couple of weeks. BWXT and I are looking forward to receiving the IAEA's list of equipment to be shipped to BWXT for use at the October inspection.

Would you please confirm whether the IAEA will be shipping equipment to BWXT this month. If shipment will occur, please provide a list of the equipment to be sent to BWXT and me. Can you give me an idea as to when the list will be sent to us?

Thank you

Brian Horn
