**RE: Final Site Remediation Report
Former Brooks and Perkins Site, Livonia, Michigan**

Dear Mr. Camper:

AAR Corporation (AAR) is pleased to submit the Final Site Remediation Report for the Former Brooks and Perkins Site, located at 12633 Inkster Road, Livonia, Michigan (the Site). The submittal of this report documents AAR's fulfillment of all requirements of physical remediation as proposed by Partners Environmental Consulting, Inc. in a letter dated August 7, 2006, which was approved by the NRC in a letter dated October 27, 2006. To fulfill its remaining commitments regarding the site, AAR is requesting that the NRC execute the Settlement Agreement and related Restrictive Covenant previously negotiated between AAR and the NRC.

Sincerely yours,

Howard A. Pulsifer
Vice President, General
Counsel & Secretary
