Name of Participant(s): William Moore, Jr. & Sattar Lodhi

Telephone No. 757 709 9448

Subject: List of All gauges requested

(NOTE: This will be used as the Documents Title in ADAMS)

Summary: The application listed the model numbers of portable gauges but did not include the number of each model. I called the licensee to request the required information.

The licensee stated that they expect to purchase one each of Troxler Models 3400 series and 4640. I explained to him that they would need to request amendment to the license if they need additional gauges in the future. He stated that they do not expect that to happen in the near future and the two gauges will be sufficient for their operations.
