

April 19, 2007

Mr. Tony S. Go
Inspector
United States Nuclear Regulatory Commission
2443 Warrenville Road Suite 210
Lisle, IL 60532-4352

Dear Mr. Go:

TSi has opened a new Construction Service Department in Kansas City, Missouri and is requesting an extension to nuclear gauge license number 24-32205-01. TSi has purchased a nuclear gauge from Humboldt and we now have a total of six nuclear gauges, with five in our St. Louis, Missouri office and one in the Kansas City, Missouri office. The Assistant RSO will be Michael Riley in the Kansas City office, who will be responsible for maintaining and the safekeeping of the nuclear gauge. Mike has previous experience as an RSO and has OSHA training.

Your attention to this matter is greatly appreciated; please contact me at 314-644-3134 with any questions regarding this issue.

Sincerely,
TSi ENGINEERING, INC.
