Reply to Notice of Violation.

Dear Sir/Madam:

This letter is in response to a Notice of Violation dated April 4, 2007.

All the companies that deliver radioactive sources to the Reading Hospital and Medical Center have been instructed to change their delivery address to avoid future violations. All our radioactive sources are presently delivered directly to the Radiation Oncology Department and received by one of our physicists. The individuals working at 220 North Park Road, Wyomissing, PA 19610, are fully aware of the situation and will not accept any byproduct material at that location.

We have been in compliance since on March 28, 2007.

Should you have any further questions, feel free to contact René J. Smith, Ph.D. at 610-988-8144.

Sincerely,

A handwritten signature in black ink, appearing to read "Carl J. Seidl". The signature is fluid and cursive, with the first name "Carl" being the most prominent.

Carl J. Seidl,
Vice president.
