Dear Ms. Ullrich:

In reference to your letter dated March 13, 2007 requesting more information about the rooms Fe-119 and Fe-120 regarding the application for termination of the license, control no. 139009, we are still waiting for the smears of the rooms that you asked for.

We have already requested the kits to take the wipes; when that material arrived we are going to take the samples and send them to Wisconsin Radiological Laboratories to be analyzed. As soon as we have the results, we are going to send them to you in a complete report.

We are really interested in finally close this license. If you need any other information, please call us to 1-787-841-2000, exts. 2550-2560, or e-mail your request to casencio@email.pucpr.edu

Sincerely yours,

Carmen I. Asencio
