This is to let you know that I've screened and approved both DPOs you sent to me dated May 3, 2006 for review in the DPO process.

The DPO involving the ECCS sump screens is DPO-2006-002. The DPO involving use of LBB on ECCS is DPO-2006-003. Both DPOs are being assigned to Jim Dwyer, NRR. You will get copies of DPO Panel tasking memos once the DPO Panels are established.

Please feel free to contact me if you have any questions.
