Subject: Treadmill Room Decommissioning

Please find attached the floor plan of the old treadmill room and the survey results. The survey was done by Eric Theis, CNMT. The 10 X12' room was divided into 10 quadrants with each one carefully surveyed using a Ludlum 14C survey meter with a pancake probe. The wipe tests were done using a Captus-600 well counter. No areas of the survey exceeded the background level of 0.03 mR/hr and wipes showed no detectable radiation levels.

Sincerely,

Gordon T. Blair, MD  
Radiation Safety Officer
