Good Morning Bill/Geoffrey:

The IAEA plans to be at BWXT for their routine inspection of the (b)(4) down blending area October 15, 18 & 19. Two IAEA staff are scheduled to be at the inspection.

NSIR is preparing a letter to BWXT (Attn: Mike Suwala) notifying them of the two IAEA staff and their plans to be at BWXT for the three day. I will fax the letter to Don Cutchins (the BWXT point of contact for IAEA activities) when it is signed.

**Geoffrey:** Would you check you schedule and see if you could (b)(4) to the IAEA Friday October 15? Please contact the BWXT representative (Don Cutchins 522-5186) and let him know of you can perform this function. At this time, my office does not expect to have a staff member at the site for the IAEA inspection and (b)(4)

Please contact me if you desire any additional information or discuss IAEA activities.

Thank you
