Subject: OFFICIAL USE ONLY - IAEA's July visit and July inspection at BWXT

OFFICIAL USE ONLY

Good Morning Bill/Geoffrey:

The IAEA plans to be at BWXT twice in July.

#1) The first visit is scheduled for July 4-6 during which one IAEA staff will be doing some testing of IAEA equipment.

#2) The IAEA plans to be at BWXT with two staff members for their routine inspection of the (b)(4) down blending area on July 18-20.

NSIR sent a letter to BWXT (Attn: Mike Suwala) notifying them of the two visits by IAEA staff and the days that the IAEA will be at BWXT. I faxed a copy of this letter to Don Cutchin (the BWXT point of contact for IAEA activities) yesterday.

Geoffrey: Would you check you schedule and see if you could (b)(4) to the IAEA Monday July 18? Please contact the BWXT representative (Don Cutchins 522-5186) and let him know of you can perform this function. At this time, my office does not expect to have a staff member at the site for the IAEA inspection and (b)(4)

Please contact me if you desire any additional information or discuss IAEA activities.

Thank you
Brian Horn
