UPDATE, UPDATE, UPDATE
JUNE 8, 2008 UPDATE

Good Morning Bill/Geoffrey:

The International Atomic Energy Agency (IAEA) has notified us that the dates of their next visit to BWXT, HEU down blending area, has been changed. The new dates are that the three of their staff members plan to be at BWXT (b)(4) down blending area, for their routine inspection activities June 19 & 20, 2006. *EX 4*

Don Cutchins our BWXT point of contact is aware of this change in inspection dates.

Due to the change in the dates of the IAEA inspection, NO NSIR staff will be in attendance.

Geoffrey: can you perform the (b)(4) to the IAEA on Monday, June 19th?

Thank you

~~Office Use Only - International Agency - Controlled Information~~

Good Morning Bill/Geoffrey:

The International Atomic Energy Agency (IAEA) has notified us that three of their staff members plan to be at BWXT (b)(4) down blending area for their routine inspection activities June 15-16, 2006. *4*

NSIR is preparing a letter to BWXT Attn: Mike Suwala) notifying them of the IAEA inspection and the name of the IAEA staff who will be at BWXT. Hopefully the letter will be completed later this week. At that time I will fax a copy of the letter to Don Cutchins (the BWXT point of contact for IAEA activities) for information.

Bruce Moran currently plans to represent NSIR at BWXT for this IAEA visit. Bruce will perform the (b)(4) to the IAEA. *4*

Please contact me if you desire any additional information or discuss IAEA activities.

Thank you
