**Subject: NRC Request for Additional Information Letter No. 95 Related to
ESBWR Design Certification Application – RAI Response Schedule**

GE has reviewed the RAIs transmitted via the Reference 1 letter related to DCD Tier 2 Chapters 9, 10, 14 and 20. As a result of this review, we have determined that the scope of these RAIs will not accommodate response by the NRC requested date of April 24, 2007. Therefore, we would like to establish RAI response submittal dates as reflected in Enclosure 1.

If you have any questions or require additional information regarding the information provided here, please contact me.

Sincerely,

A handwritten signature in cursive script that reads "Kathy Sedney for".
