Dear Sir or Madam:

By letter dated April 23, 2007, Entergy Nuclear Operations, Inc., submitted an application pursuant to 10 CFR Part 54, to renew the Indian Point Energy Center Unit 2 and Unit 3 operating licenses. By way of clarifying the license renewal application and associated cover letter, the name "Indian Point Energy Center Units 2 and 3" is synonymous with the name "Indian Point Nuclear Generating Unit No's 2 and 3," as evidenced by the Docket and License Numbers referenced therein. This clarification applies to and supplements the license renewal application (including the environmental report), the above-referenced cover letters, and other information associated with the license renewal application that may reference Indian Point Energy Center Units 2 and 3.

This letter contains no new commitments.
