Alicia:

Attached are the following two references that you requested from our EFH comments:

* Bridges, W.L. and R.D. Anderson. 1984. A brief summary of Pilgrim Nuclear Power Plant effect upon the marine aquatic environment. In J.D. Davis and D. Merriman eds. Observations on the ecology and biology of western Cape Cod Bay, Massachusetts. P. 263-271. Lecture Notes on Coastal and Estuarine Studies 11. Springer-Verlag, NY

* MRI (Marine Research, Inc.). 1984. Assessment of finfish survival at Pilgrim Nuclear Power Station. Final Report 1980 - 1983. Submitted to Boston Edison Company

The "Lecture Notes" document is a published document.

We have asked Normandeau/MRI to supply the remaining four references you requested, and I will forward those to you upon receipt from Normandeau.

Please call me at 508-830-8323 if you have any questions about the documents.

Jay Scheffer
