RE: Request for amendment to Radioactive Materials License # 10-25439-01

We would like to amend section 9.A.

From:

For the removal and replacement of Laser Transmitter-Receiver units (Laser Designator Ranger Modules) in Low Altitude Navigation InfraRed for Night (LANTIRN) Targeting Pods.

To:

For the removal and replacement of Laser Transmitter-Receiver units (Laser Designator Ranger Modules) in Targeting Pods.

The reason being that the same source part number (Amersham Model AMM) and quantity are also used in the Sniper Targeting Pod (also known as the Advanced Targeting Pod) Manufactured by this company.

Respectfully,

James D. Kincaid
