Re: Claymont Steel – Control No. 140213 – License No. 07-30359-01

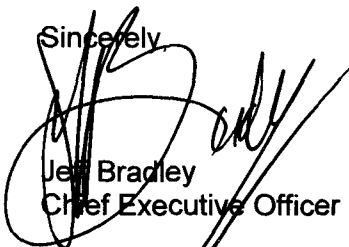

Dear Mr. Lodhi:

Claymont Steel is providing notification of the "Change of Control" of the licensed material described in License No. 07-30359-01. The following information is provided pursuant to 10 CFR 30.34(b):

1. Description of Transaction. On June 10, 2005, Citisteel USA transferred 100% of stock to HIG Investments. During December 2006, the name of the company changed and the new name of the licensee is Claymont Steel, Inc. The federal identification number remains the same.
2. Changes of Personnel. The Radiation Safety Officer is identified as Ernie Boyce.
3. Changes of Location, Equipment and Procedures. The source material is used in a thickness gauging system in the Plate Mill of Claymont Steel. There has been no change in the use of the equipment containing source material.
4. Surveillance Records. Leak test records are being maintained at the Plate Mill Maintenance Shop. The most recent leak test was completed on May 4, 2007. Claymont Steel has a contract with RSI, Inc to conduct leak tests at the required six month intervals.
5. Records Transfer. All records related to this equipment are remaining at this location. There has been no decommissioning of the source or the equipment using the source material.
6. Transferee Commitment. Claymont Steel, transferee, agrees to abide by the conditions as specified by Materials License No. 07-30359-01.

If you have any questions or concerns, please contact Ernie Boyce at (302) 792-5451.

Sincerely,

Jeff Bradley  
Chief Executive Officer
