Washington, DC 20555-0001

Serial No. 07-0290  
NL&OS/TJS R1  
Docket Nos. 72-55  
72-56  
72-64

**VIRGINIA ELECTRIC AND POWER COMPANY**  
**DOMINION ENERGY KEWAUNEE, INC.**  
**SURRY POWER STATION (SPS) UNITS 1 AND 2**  
**NORTH ANNA POWER STATION (NAPS) UNITS 1 AND 2**  
**KEWAUNEE POWER STATION (KPS)**  
**NOTIFICATION OF INTENT TO APPLY PREVIOUSLY APPROVED 10 CFR PART 50**  
**QUALITY ASSURANCE PROGRAM TO INDEPENDENT SPENT FUEL STORAGE**  
**INSTALLATION (ISFSI) ACTIVITIES**

In accordance with 10 CFR 72.140(d), Virginia Electric and Power Company (Dominion) and Dominion Energy Kewaunee, Inc. (DEK) are notifying the NRC of our intent to apply our common, Commission-approved, 10 CFR Part 50, Appendix B quality assurance program to generally licensed ISFSI activities at SPS, NAPS and KPS.

Revision 0 of the Dominion common Nuclear Facility Quality Assurance Program Description (Topical Report DOM-QA-1) was submitted to the NRC on August 24, 2004 (Letter Serial No. 04-326). It was subsequently supplemented in response to NRC questions on May 5, 2005 (Letter Serial No. 05-251). The NRC approved DOM-QA-1 on September 9, 2005 (Letter Serial No. 05-623). This approval was applicable to Dominion's Surry and North Anna Power Stations and their respective specifically licensed ISFSIs. However, since the scheduling of the SPS and NAPS general license ISFSIs was in the preliminary stages, their docket numbers were not yet available for inclusion in our August 24, 2004 submittal. (Note: Dominion Nuclear Connecticut, Inc.'s Millstone Power Station general license ISFSI, Docket No. 72-47, was available and was included in the August 24, 2004 submittal.)

On July 5, 2005, DEK acquired KPS. As a result, DEK chose to implement the Dominion fleet Nuclear Facility Quality Assurance Program Description (NFAQPD). On July 25, 2006 (Letter Serial No. 06-638), DEK notified the NRC that the Dominion fleet NFAQPD, designated as Topical Report DOM-QA-1, Revision 1, was implemented at KPS on June 30, 2006. (Note: Specific NRC approval to implement DOM-QA-1 at KPS

was not required in this case as there were no reductions in commitment identified by DEK in implementing the transfer of the QA program to DOM-QA-1.) Like SPS and NAPS, the KPS general license ISFSI docket number (i.e., 72-64) was not available at that time.

Please contact Mr. Thomas J. Szymanski at (804) 273-3065 if you have any questions or require additional information.

Very truly yours,

Eugene S. Grecheck  
Vice President – Nuclear Support Services  
Virginia Electric and Power Company  
Dominion Energy Kewaunee, Inc.
