Re: License # 37-28333-01
Mail Control # 140389

Dear Tom:

All of our agreements with all of our clients have the identical provisions and language that pertains to the control of radioactive materials, which includes access, receipt, use, storage, and waste control. This control is conducted only by our licensed personnel and is monitored monthly by the RSO and/or Co-RSO, as well as quarterly by our consultant physicist.

We maintain control throughout the term of the agreement and will conduct all decommissioning should the agreement terminate for any reason, and release by NRC or State actions.

Please feel free to contact me at 609-760-0853 if further clarification is needed.

Thank you.

Sincerely,

Terry Day, RT
Nuclear Operations Manager
Co-Radiation Safety Officer
