Re: License No. 42-27593-01

Dear Mr. Torres,

Please allow me to submit this letter requesting an amendment to the Acuren Inspection, Inc. NRC radioactive materials license.

I will be retiring in a few months and I wish to appoint Ms. Gayle Staton as the Radiation Safety Officer for this license. I have enclosed the supporting documents as qualifying Ms. Staton as the RSO.

I will continue to work for Acuren as a consultant relative to radiation safety and environmental matters, and will be available to assist Ms. Staton if requested.

I wish to extend my appreciation for all of the help you, Ms. Browder and Mr. Whitten have provided me over the past years.

If you should have any questions or concerns, please call me at anytime.

Best Regards,

Lloyd A. Gray, Director
Radiation Safety & Environmental Compliance
