**Subject:** Reminder - May 17 site visit to SR-HUP

John,  
During the recent SR-HUP site inspection, I mentioned that several officials from the NRC are planning to attend the May 2007 NMA/NRC Uranium Recovery Workshop in Denver, CO and while out west, they would like to take the opportunity to visit and tour SR-HUP. Currently, three officials are planning to visit SR-HUP on the morning of Thursday, May 17, 2007.

Charles Miller, Director, Office of Federal and State Materials and Environmental Management Programs,

Keith McConnell, Deputy Director, Decommissioning & Uranium Recovery Licensing Directorate, and

Bill von Till, Branch Chief, Uranium Recovery Licensing Branch

Both Charilie and Keith are new to the world of uranium recovery and I think a tour of SR-HUP would be extremely beneficial. Plus, you'll get to bend the ears of my bosses.

Please acknowledge the receipt of this e-mail and feel free to give me a call if you have any questions/concerns.
