Re: Errata on the CD with Response to "Request for Additional Information for Environmental Review of Proposed Decommissioning Plan for Shieldalloy Metallurgical Corporation, Newfield, New Jersey"

Dear Ms. Swain:

On April 25, 2007, Shieldalloy Metallurgical Corporation (SMC) forwarded a hard-copy and electronic copy (CD) response to the March 19, 2007 request for additional information on the "Decommissioning Plan for the Newfield Facility" (Report No. 94005/G-28247, Rev. 1a). While all of the files referenced in the Enclosure to our response are on the CD, we have since discovered that one set is mis-labeled, two files should have been combined into one file, and one file is a duplicate of another. The following is the correct labeling for those files:

File Name on the CD	Correct File Name
4f Workplace Air Monitoring 1992.pdf	4c3 Workplace Air Monitoring 1992.pdf
4j1 EMISSIONTEST[1].pdf	4f1 EMISSIONTEST[1].pdf
4j2 Atmospheric emissions 1997 - Stack testing.pdf	4f2 Atmospheric emissions 1997 - Stack testing.pdf
4j3 Atmospheric Emissions 1997 Modification.pdf	4f3 Atmospheric Emissions 1997 Modification.pdf
4k3 Lagoon WRS.pdf	Duplicate of 4k2 Lagoon Sampling.pdf
6d TRC Storage Yard Estimates and Cover Volumes.pdf	Should follow the pages currently in 2b TRC-A.pdf to make up a single file 2b

The Enclosure and its attachments will soon be posted on the SMC web site at www.shieldalloy.com. The file identifiers will be correct on that posting if you should have any questions as to how to locate a particular electronic file. Please call me at (854) 362-8680 if you have any questions.

Sincerely,

David R. Smith,
Radiation Safety Officer
