Document Control Desk  
Washington, DC 20555-001

**Subject: Duke Power Company LLC d.b.a. Duke Energy Carolinas, LLC  
(Duke)**

**McGuire Nuclear Station, Units 1 and 2  
Docket Nos. 50-369 and 50-370**

**License Amendment Request Revising McGuire Units 1 and 2  
Commitments to USNRC Regulatory Guide 1.82, Revision 0,  
"Sumps For Emergency Core Cooling and Containment Spray  
Systems" and Revising McGuire Units 1 and 2 Technical  
Specification Surveillance Requirement (SR) 3.5.2.8 and  
Associated Bases (TACs MD 4748 and 4749)**

In response to a telecom on May 3, 2007 between the Nuclear Regulatory Commission (NRC) Staff and Duke, it was acknowledged that the NRC does not approve Technical Specification (TS) Bases. Therefore, the TS bases will be changed to reflect the licensing basis and TS changes associated with the sump modification in accordance with Section 5.5.14 of the McGuire 1/2 TSs.

As a result, Duke withdraws the request for the NRC to review the TS Bases associated with TS Surveillance Requirement 3.5.2.8 submitted with the License Amendment Request dated March 8, 2007.

Please direct any questions you may have in this matter to K. L. Ashe at (704) 875-4535.

Very truly yours,

G. R. Peterson
