Re: Docket No. 03003011; License #37-01873-01.
Response to a Notice of Violation

This letter is in response to a "Notice of Violation" received by our facility dated April 26, 2007. Our response is listed below.

1. The instrument containing the depleted uranium was in possession of the former Lee Hospital at the time of transfer. Conemaugh Valley Memorial Hospital acquired Lee Hospital in July of 2005. This action was therefore carried out by members of the former Lee Hospital before we had obtained possession of this facility.
2. We confirm that we will maintain all records pursuant to 10 CFR 40.61(a).
3. Understanding of what has transpired is acknowledged by us and will not be repeated.
4. Therefore, we believe full compliance has been immediately attained.

Should you require further information, please feeling free to contact us at you convenience.
Thank you for your attention in this matter.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard M. Sukenik".
