To Whom It May Concern:

Coal-Mac Inc. would like to purchase two (2) new Nuclear Density Gauges from Thermo Fisher Scientific, model # 5201 with source model #696894 or #57157C and model #5204 with source model #57157C, these devices will be used to monitor gravity's at the Holden 22 prep plant covered under Coal-Mac's NRC License #47-25599-01. I would like to have Coal-Mac's license amended to accept both of these units. We are proceeding with ordering of these 2 units under a general license, per regulation 10 CFR31.5, and will transfer to our specific license once it has been amended to accept both units.

If there are any questions regarding this matter, please call me at (304) 475-5116, ext. 1212 or (304) 239-2910, ext. 4.

Sincerely

CRW
