

March 6, 2007

The Honorable Jim Cooper
United States House of Representatives
Washington, DC 20515

Dear Congressman Cooper:

I want to let you know that the U. S. Nuclear Regulatory Commission (NRC) will be participating in the National Association of Corrosion Engineers (NACE) International Corrosion Conference and Expo, March 12, 2007, in Nashville, TN, as part of our workforce development effort. The agency has aggressive hiring goals toward ensuring that we have the people and knowledge to meet our anticipated increased workload as well as to continue protecting the public and the environment. Therefore, the NRC welcomes this opportunity to discuss potential career options with those attending this event.

I will notify you of NRC's participation in future hiring events in your district. If you have any questions about our involvement in the upcoming event or NRC's human capital efforts, please contact me at 301-415-1776.

Sincerely,

/RA/

Rebecca L. Schmidt, Director
Office of Congressional Affairs

IDENTICAL LETTER SENT TO:

The Honorable Lamar Alexander
The Honorable Bob Corker
