RE: License Number 13-00142-02

Mr. Mullauer:

Please allow this letter to serve as a response to your inquiry concerning Deaconess Hospital's NRC Byproduct Materials License and the use of 10 C.F.R. 35.500 materials. Deaconess Hospital confirms that is no longer utilizing 35.500 materials and that there are currently no plans to begin using such materials. In addition, Deaconess Hospital has disposed of all previously possessed 35.500 sources, documentation of which is enclosed. Further, Deaconess Hospital requests that authorization for 35.500 materials be removed from its NRC Byproduct Materials License.

If there are any questions concerning this license amendment, please contact our nuclear medicine consultant, Mr. Patrick J. Byrne, D.A.B.R., C.H.P. at 877-317-5811.

Sincerely,

Raymond Poston, B.S., R.T.(T)
