City:	Monticello	Region:	3
State:	Minnesota	Notification Date:	May 22, 2007
Licensee:	Nuclear Management Company	Notification Method:	Resident Inspectors Office

Subject: Changes in NMC Corporate and Monticello Site Management

Discussion:

The licensee announced that the following changes will be taking place in the NMC Corporate and Monticello Site Management structures. Abdy Khanpour will become the Vice President of Engineering at NMC Corporate in July 2007. Mr. Khanpour was formerly General Manager of Engineering at the Columbia Generating Station. Also, Grover Hettel will fill the position of Site Director at Monticello in early June 2007. This position has been vacant since September 2006. Mr. Hettel was formerly the Plant Manager at the Palisades Nuclear Plant.

Regional Action:

Issued for information only and no further action by the staff is anticipated.
