Subject: Material for next week's Human Factors TWG meeting

Mike,

Here are some files that I promised to send you for next week's Human Factors meeting:

- 1) Minimum Inventory Guidance draft
- 2) Computer based procedures talking points
- 3) More detailed Information on why we believe enhancements to guidance on a graded approach to HFE are needed.

We have not handled all of the comments yet on the MI draft that we have gotten from my industry folks, but wanted to get this to you as soon as possible. We do consider this to still be a work in progress, but I think there is a considerable amount of information to be discussed and a good starting point.

See you next week. Let me know if the staff has any comments before the meeting that they want to share with us. Industry folks are gathering here on May 30th.

Tony Harris
