Re: **Amendment Request for Comprehensive Cardiology Consultants,**  
 License #: ~~29-30950-01~~

Dear Mr. Thompson,

In light of discussions between you, Jim Fongheiser our Health Physicist, and all of our interested parties, we have decided to keep Dr. Rothstein in place as Radiation Safety Officer in order to process this amendment request to completion. This will then give us time to address our administrative issues internally, and to decide how to go forward.

I continue to request an amendment to the above referenced license in order to:

1. **Correct the mailing address listed in item 2 on the license to:**  
 Comprehensive Cardiology Consultants  
 St. Mary's Medical Building, Suite 204  
 1205 Langhorne-Newtown Rd.  
 Langhorne, PA 19047

The Klockner Road address currently listed as our administrative address is no longer one of our practice locations.

2. **No Change to the Radiation Safety Officer:**  
 Dr Rothstein will remain on the license as the RSO.
3. **Add the following physician as an authorized user:**  
 Anand Haridas, M.D.  
 Dr Haridas has met the requirements for certification by the CBNC.  
 A copy of his certificate is attached for your review.

**4. Delete the following location of use:  
1 Washington Blvd., Robbinsville, NJ**

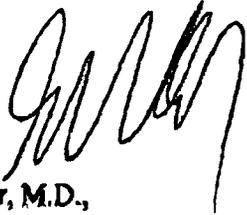

**This requested item is related to the acquisition of that site by Mercer Bucks Cardiology. They have already submitted an amendment request to add that location of use to their existing license #: 37-30825-01.**

**All other aspects of the program will remain the same.**

**Other supporting information has been previously submitted for this amendment request.**

**If you have any questions or need any additional information please contact me at your convenience at (215) 750-7818.**

Sincerely,

**Mark Soffer, M.D.,  
Partner**
