Re: License #02-13990-01
Docket 030-01211

Dear Sirs:

Thank you for processing amendment 33 to our license. This letter is a request for corrections in items 9 and 12. Item 9 should read A through F for "in vitro studies". As currently written, Item 12 has all 5 authorized users limited to in vitro studies using materials in Items 6A through 6D. We believe this should be corrected to items 6A through 6F for in vitro studies under all 5 authorized users.

Thank you for your consideration of this matter.

Sincerely,
