Dear Sir:

1212 E. Sherman Boulevard
 Muskegon, Michigan 49444
 231-739-9427
 1-800-968-5483
 Fax 231-739-6199

Please amend Byproduct material license no. 21-24873-01 for a change in location.

**The new address will be: 2525 Roberts
 Muskegon, MI 49444**

A drawing of the new location is enclosed. This is a single story building without a basement, the floor is concrete. The hot lab contains the dose calibrator, well counter, lead shielded storage area, and lead shielded waste storage area. All procedures for the use of byproduct material will be the same as required by the current license.

A close out survey for the old location will be submitted for approval and release of the old location at the time of the move. The planned date for the move is August, 2007. We request that this request be processed as soon as possible.

If there are any questions, please call our medical physicist, Ray A. Carlson, M.S. at (734)455-4730 office / (734)395-7361 cell.

Sincerely,
