Subject: Final Director's Decision re: Palisades 10 CFR 2.206 Petition

March 20, 2007

Mr. Terry Lodge
Counsel for the Petitioners
316 N. Michigan Street, Suite 520
Toledo, OH 43624-1627

Subject: Transmittal of Final Director's Decision in Response to Petition Under 10 CFR 2.206 Regarding Dry Cask Storage Facility at Palisades

Dear Mr. Lodge,

On April 4, 2006, you submitted a petition under 10 CFR 2.206 requesting enforcement action by the US Nuclear Regulatory Commission (NRC) against the Palisades Nuclear Plant regarding the use of the two concrete storage pads at the onsite independent spent fuel storage installation (ISFSI). On November 28, 2006, the NRC forwarded the proposed Director's Decision to you for comment. By email dated February 2, 2007, you provided comments on the proposed Director's Decision.

The NRC staff has considered your comments in the preparation of the final Director's Decision, which is enclosed. The Director has denied your request, as explained in the attached documents. Also enclosed are the transmittal letter, a memorandum documenting the staff's response to your comments, and the Federal Register Notice announcing the Director's Decision. All of these documents will also be mailed to you.

Please call me or reply to this email to confirm that you have received the final Director's Decision. I will also attempt to reach you by telephone. If you would like the attached documents to be faxed to you, please provide me with your fax number. These documents will also be made available through the NRC's document management system, ADAMS, and can be found under Accession Number ML070720752

Please contact me if you have any questions regarding the attached information.

Sincerely,

James R. (Randy) Hall
Senior Project Manager
Division of Spent Fuel Storage and Transportation
Office of Nuclear Material Safety and Safeguards
US Nuclear Regulatory Commission
