

**PARTIALLY RELEASED**

From: Eliot Brenner / PA  
To: Rhonda.schwartz@abc.com  
Date: 8/18/05 5:00PM  
Subject: another request re the interview

Rhonda: There is one item I need to ask. I'm sure you understand that we cannot go into site specific matters because by law we are unable to talk about Safeguards information. So, I would ask you as you work with Ross to couch the questions generically. I'm sure you are skilled in drafting the usual "doesn't it concern you that" so that you can avoid reference to any specific facility or plant.

I expect to be out tomorrow (Friday) but will be reading e-mails sporadically from home. If you need me you can reach me on my cell at [REDACTED] or contact Beth Hayden at our office or at each@nrc.gov.

With thanks.

Eliot Brenner
