Tom:

At NSIR staff's request, on June 14, 2007, NRC staff; Doug Huyck (RSB Branch Chief), Will Smith (RSB) and I had a conference call with representatives from South Texas Project (Robin Savage, Chuck Reddix and Fred Puleo) to discuss STPNOC's recent 50.54(p) security plan (Revision 5) submittal.

The NRC staff informed the South Texas Project (STP) staff that the additions of Appendix E and F could potentially make their security plan inaccurate and incomplete based on their current site configuration. The STPNOC staff stated they would withdraw Appendix E and F from their security plan, and resubmit the plan as an amended Revision 5. They further stated they would work with industry to determine any future submittals of Appendix E or F.
