Please note that Subitem 9.A. and licensee condition no. 12.B. of your license were modified in accordance with current NRC licensing procedures to remove the statements "limited to cardiovascular procedures". However, please be reminded, that you are still bound by the restrictions imposed by the limited authorizations contained in documents incorporated into condition No.15 of your license.

Please review the enclosed document carefully and be sure that you understand all conditions. If there are any errors or questions, please notify the U.S. Nuclear Regulatory Commission, Region III office at (630) 829-9887 so that we can provide appropriate corrections and answers.
