John,

By May 22, 2007 correspondence, the NRC requested PRI to address several issues related to it's Source Material License SUA-1548 surety. In that correspondence, the NRC indicated a June 30, 2007 deadline for the information (the same deadline as the surety re-baselining documentation). On June 14, 2007, you made a verbal request for an extension to respond to the issues identified in the May 22, 2007 correspondence.

This e-mail is a formal notification that PRI has until July 27, 2007 to address the issues identified in the NRC's May 22, 2007 correspondence.

If you have any questions, please call me 301-415-7612.
