Re: Amendment of Materials License No. 29-19834-02

Dear Dr. Lodhi:

The Port Authority of New York and New Jersey would like to amend the referenced license at Item No. 9 - Authorized Use, to read "Model 3400 Series" in place of "Model No. 3411," as well as any other license amendment that may be required to authorize our acquisition of additional Troxler Electronic Laboratories Model 3400 Series gauges.

The Port Authority currently owns three Troxler Model No. 3411 gauges and one Model No. 4640 gauge. A Model No. 3450 gauge has been purchased and is awaiting delivery. The license amendment is to authorize its physical possession by the Port Authority.

If any additional information is required, please call me at (201) 216-2173.

Thank you for your assistance.

Sincerely,

Paul W. Mitchell, CIH  
Radiation Safety Officer  
Manager, Industrial Hygiene  
Inspection & Safety Division  
Operations Services Department
